About me -

MIPT alumnus

recently I work in the field of computer vision

previously big data academy student and listener

passionate about math

Skills –

computer vision

MLOps

 $SQL * R * C++ * LAT_EX$

Python * Linux *

Russian∗C2 English∗B2 Tatar∗B2 Spanish∗A1 Turkish∗B1

(*)[language proficiency]

Education -

MSc, ΦAKT MIPT ($M\Phi TH$) $2022 \mid Moscow$

BMath, Кафедра теории функции и приближе-

КФУ Институт Механики и Математики 2014 | Kazan, Russia

Experience

Nov 2022 — Now Research assistant

nazarbayev university

tasks: SLAM projectskills: python, docker

Feb 2022 — Now Machine Learning Engineer

Innopolis University

• tasks: semantic segmentation of medical data, pathomorphology, fluorography

• skills: torch, python, tfs, DICOM

Jul 2019 — Feb 2022 Data scientist, comp. vision

Avtodoria

• tasks: semantic segmentation, applications with HD map and geodata, image and geodata processing

• skills: python, bash, git, docker, pytest, opency, torch, geodandas, gitlab, etc.

• achievements:

- deep learning model from scratch to prod

– solutions were sold for a big profit

Sep 2017 — Oct 2018 Data Scientist

Maxima

• tasks: research, statistical analysis: finding and fitting distributions, checking the hypotheses

• skills: python, r, pandas, sklearn, statsmodels, jupiter etc.

• achievements:

- creation an application based on the Bayesian statistics to replace people. Tests were great.

Main recent events

I was a student of "Big data academy MADE" for 3 semesters. Some learned subjects:

- advanced python: pytest, logger, rest services
- introduction to algorithms and data structures
- geodata analysis: typical problems, geopy, geopandas
- · machine learning on graphs: networkx, dgl
- machine learning in production: git, docker, dvc, mlflow, airflow, kubernetes, cicd, reproducible code
- advanced ml: based on the bayesian statistics etc

Certificates

- Yandex.disk folder for certificates
- I was a listener of HPC school by Intel (2014), Innopolis University (2014, 2015) with a certificate of the professional development), Summer Bioinformatics School (2014)
- IELTS with the band 6.0

Interests etc.

Science, music, self-education, languages (speaking and programming)

Future aims

DevOps, reinforcement learning, ROS, SLAM
