About me

Experienced Computer Vision Engineer with a strong foundation in theory and practice, MIPT alumnus, advancing skills through MADE Big Data Academy. 6+ years in machine learning, focused on medical segmentation, geodata processing, and statistical analysis. Proficient in Python, PyTorch, OpenCV, CI/CD. Skilled in deploying models to production and delivering profitable solutions. Eager to keep learning and contribute meaningfully to the team.

Skills

SQL * R * C++ * MLOps

Python * Linux * computer vision

Russian⋆C2 English⋆B2 Tatar⋆B2
Spanish⋆A1 Turkish⋆B1

(*)[language proficiency]

Education

MSc, ФАКТ
МИРТ (МФТИ)
2022 | Moscow

BMath, Кафедра теории функции и приближения
КФУ Институт Механики и Математики
2014 | Kazan, Russia

Experience

Feb 2022 — Now — Machine Learning Engineer — Innopolis University

- tasks: semantic segmentation of medical data
- skills: git, torch, python, tfs, DICOM
- achievements:
  - 2 patents (see folder below)
  - presented our model at International Forum
  - oncoming scientific article

Jul 2019 — Feb 2022 — Data scientist, comp. vision — Avtodoria

- tasks: segmentation, HD maps, image & geodata processing
- skills: docker, pytest, opencv, torch, geopandas, gitlab
- achievements:
  - deep learning model from scratch to prod
  - solutions were successfully commercialized

Sep 2017 — Oct 2018 — Data Scientist — Maxima

- tasks: research, statistical analysis, checking the hypotheses
- skills: python, r, pandas, sklearn, statsmodels, jupyter etc.
- achievements:
  - automated bayesian analytics, statistically robust.

Main recent events

I was a student of "Big data academy MADE" for 3 semesters. Some learned subjects:

- advanced python: pytest, logger, rest services
- introduction to algorithms and data structures
- geodata analysis: typical problems, geopy, geopandas
- machine learning on graphs: networkx, dgl
- machine learning in production: dvc, mlflow, airflow, kubernetes, cicd
- advanced ml: based on the bayesian statistics etc

Certificates

- Yandex.disk folder for certificates
- I was a listener of HPC school by Intel (2014), Innopolis University (2014, 2015) with a certificate of advanced training), Summer Bioinformatics School (2014)
- Multiple diplomas of math contests of different levels: school, student, international:
  - 5 times the 1st place in the city contest
  - the 4th place in the state contest
  - a second-degree diploma at the “Lobachevskii Mathematical Competition for University Studentsy”; top student of my department
  - the 1st place in the math contest of “International Space Olympics” among students from Great Britain, Russia, Germany and Greece.

Interests etc.

Science, mathematics, self-education, languages (speaking and programming)

Future aims

Reinforcement learning, SLAM, math statistics
